INDEPENDENT AUDITORS' REPORT

TO THE BOARD OF THE RSW REGIONAL JAIL AUTHORITY
WOODSTOCK, VIRGINIA

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate remaining fund information of the RSW Regional Jail Authority as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express our opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate remaining fund information of RSW Regional Jail Authority, as of June 30, 2013, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 2 to the financial statements, in 2013, the Authority adopted new accounting guidance, GASB Statement Nos. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and 65, *Items Previously Reported as Assets and Liabilities*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis, budgetary comparison information, and historical pension information that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2013, on our consideration of the RSW Regional Jail Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering RSW Regional Jail Authority's internal control over financial reporting and compliance.

The accompanying notes to financial statements are an integral part of this statement.

RSW REGIONAL JAIL AUTHORITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2013

NOTE 1—BASIS OF PRESENTATION:

A. Organization and Purpose:

The Counties of Warren, Rappahannock, and Shenandoah entered into an agreement dated July 22, 2010, to operate a regional jail facility created pursuant to the provisions of Section 52.1-91, *Code of Virginia* (1950), as amended, to construct, own and provide an adequate regional jail and to provide jail services to local governments participating in the Authority, which was created by Resolution of the participating local governments. Each of the three localities appoints two members to the Authority Board. In addition to locality appointed members, the Sheriff of each participating locality is required to be appointed.

B. Determination of the Reporting Entity:

The RSW Regional Jail Authority is not presented as a discretely presented component unit of any of the participating jurisdictions in accordance with Governmental Accounting Standards Board Statement No. 14. The Authority is not fiscally dependent on any one particular Member Jurisdiction, and none of the Member Jurisdictions appoints a voting majority. The Authority is a legally separate entity from the jurisdictions.

The RSW Regional Jail Authority was in the development and construction phase at June 30, 2013. Construction began in June 2012 with completion expected by the end of fiscal year 2015. It is anticipated that the Jail will open in June 2015 at which time the participating localities are expected to begin sending inmates to the facility. The regional jail will bill each locality a per diem rate based upon the number of inmates sent to the facility. The per diem rates will include components for both operating and debt service expenses.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Basic Financial Statements

Since the Authority is only engaged in business-type activities, it is required to present only the financial statements required for enterprise funds. For the Authority, the basic financial statements and required supplementary information consist of:

- Management's discussion and analysis (Management has elected not to prepare the MD&A in the current year)
- Enterprise fund financial statements
 - Statement of Net Position
 - Statement of Revenues, Expenses, and Changes in Net Position
 - Statement of Cash Flows
 - Notes to Financial Statements
- Schedule of Pension Funding Progress (Not applicable in these fiscal years)
- Schedule of OPEB Funding Progress (Not applicable in these fiscal years)

RSW REGIONAL JAIL AUTHORITY

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 (CONTINUED)

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

B. Basis of Accounting

The accounting policies of the Authority conform to generally accepted accounting principles. Accordingly, the Authority uses the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded when liabilities are incurred.

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Government Entities That Use Proprietary Fund Accounting*, the Authority has elected to apply all applicable GASB pronouncements, as well as Financial Accounting Standards Board Statements and Interpretations, APB Opinion and Accounting Research Bulletins issued on or before December 23, 1989, that do not conflict with or contradict GASB pronouncements.

Operating revenues and expenses generally result from providing services in connection with the Authority's principal ongoing operations. The principal operating revenues of the Authority are charges to member jurisdictions and bed rentals. Operating expenses include the cost of services and administrative expenses.

All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

C. Capital Assets

Capital assets of the Authority are stated at historical cost. Donated capital assets are stated at their fair value on the date donated. Estimated useful lives, in years, for depreciable assets are as follows:

<u>Assets</u>	<u>Years</u>
Buildings	50
Vehicles	3-5
Furniture, fixtures, and equipment	5-15

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed. Interest in the amount of \$2,977,075 was capitalized during the year. Construction-in-progress will be depreciated upon completion.

D. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

E. Investments

Investments for the Authority are reported at fair value. The Authority has SNAP External Investment Pool accounts, a U.S. Treasury Bond and Money Market Funds at June 30, 2013.

RSW REGIONAL JAIL AUTHORITY

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2013 (CONTINUED)

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

F. Cash and Cash Equivalents

The Authority's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

G. Inventory

The Authority expenses all materials and supplies when purchased. Any items on hand at year-end are not material in amount and therefore are not shown in the financial statements.

H. Net Position

Net position is the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources. Net investment in capital assets represents capital assets, less accumulated depreciation, less any outstanding debt related to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

I. Net Position Flow Assumption

Sometimes the Authority will fund outlays for a particular purpose from both restricted (e.g. restricted bond and grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Authority's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

J. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Authority does not have any deferred outflows of resources as of June 30, 2013.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority does not have any deferred inflows of resources as of June 30, 2013.

RSW REGIONAL JAIL AUTHORITY

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2013 (CONTINUED)

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

K. Financial Reporting o Deferred Outflows or Resources, Deferred Inflows of Resources, and Net Position, Statement No. 63 of the Governmental Accounting Standards Board

The Authority implemented the financial reporting provisions of the above Statement for the fiscal Year Ended June 30, 2013. This Statement provides guidance for reporting deferred inflows and outflows of resources. The requirements of this Statement will improve financial reporting by standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effects on an entity's net position. With the implementation of this Statement, certain terminology has changed and financial statement descriptions have changed from "net assets" to "net position." The net equity reported in the financial statements was not changed as a result of implementing this Statement and no restatement of prior balances is required.

L. Items Previously Reported as Assets and Liabilities, Statement No. 65 of the Governmental Accounting Standards Board

The Authority implemented the financial reporting provisions of the above Statement for the fiscal Year Ended June 30, 2013. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

NOTE 3—FISCAL AGENT:

The Budget Manager of the County of Shenandoah, Virginia is the fiscal agent for the RSW Regional Jail Authority.

NOTE 4—DEPOSITS AND INVESTMENTS:

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Investments

Statutes authorize the Authority to invest in obligations of the United State or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, prime quality commercial paper and certain corporate notes, banker's acceptances, repurchase agreements, and State Treasurer's Local Government Investment Pool (LGIP).

COMPLIANCE

ROBINSON, FARMER, COX ASSOCIATES

A PROFESSIONAL LIMITED LIABILITY COMPANY

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

TO THE BOARD OF THE RSW REGIONAL JAIL AUTHORITY WOODSTOCK, VIRGINIA

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the business-type activities and the aggregate remaining fund information of the RSW Regional Jail Authority as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the RSW Regional Jail Authority's basic financial statements and have issued our report thereon dated December 23, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered RSW Regional Jail Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of RSW Regional Jail Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of RSW Regional Jail Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether RSW Regional Jail Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
