ADDENDUM

RFP 2016-02 "Request for Pharmaceutical Services"

RFP-2016-02

Questions from *Contract Pharmacy*:

- 1) Seeing as how the last RFP contract has a few remaining one year terms, can you further explain why RSW Regional Jail has chosen not to exercise these options and instead go back out for bid?
A) Opening the bidding process ensures we are providing the best, most cost effective pharmaceutical service possible for all stakeholders of the RSW Regional Jail.
- 2) What is the current vendor pricing?
A) AWP minus 22% for brands and AWP minus 93% for generics.
- 3) The specifications elude to this but don't necessarily spell submittal information out – is it correct that the RSW Regional Jail is seeking only a technical response to the specifications at this time and that a cost/financial proposal should NOT be included with our response?
A) Yes
- 4) In review of the submittal proposals, do you anticipate narrowing down the respondees to a certain number of vendors, and allowing an in-person interview and presentation, before moving forward with a final selection or moving towards the negotiation phase?
A) Yes
- 5) Can you further detail the evaluation process, as to what is being looked for that may not be provided today through the current vendor?
A) The evaluation process is outlined in the request for proposal.
